(e) *Restrictions on the use of refined oil.* No refiner, non-refining margarine manufacturer, or non-refining shortening manufacturer shall use refined oil except in such quantities and for such purposes as the Director shall specifically authorize or direct. The foregoing restriction shall be construed as being supplemented to the restrictions of any other applicable food distribution order, and an authorization or directive issued pursuant to this paragraph (e) shall not be construed as authorizing a violation of any other food distribution order.

(f) *Effective period of authorizations or directives.* The Director may prescribe in an authorization or directive, issued pursuant to this order, a period of time in which the authorization and directive shall be in force and effect, and no person shall deliver, accept delivery of, or use crude or refined oil pursuant to or in reliance on an authorization or directive for such delivery, acceptance of delivery, or use, as the case may be, after the expiration of the effective period thereof.

(g) *Inventories.* Crude or refined oil authorized or directed by the Director to be used for a specific purpose during a specified period shall revert to inventories where and to the extent that such oil is not used during the specified period for the specific purpose designated in the authorization or directive. Crude or refined oil which the Director has authorized or directed to be delivered, accepted for delivery, or used for the purpose of building up inventories, or which has reverted to inventories under the terms of this order, shall not be used for any purpose other than refining to the extent necessary to prevent deterioration, except as the Director may further authorize or direct.

(h) *Further allocations.* No person, after receiving notice from the Director to refrain from delivering or using any crude or refined oil acquired by him pursuant to an authorization or directive issued hereunder, shall deliver or use such oil, except upon further specific authorization of the Director.

(i) *Intra-company deliveries.* The provisions and restrictions of this order with respect to delivery of crude oil shall apply not only to deliveries to other persons, including affiliates and subsidiaries, but also to deliveries from one branch, division, or section of a single enterprise to another branch, division, or section of the same or any other enterprise under common ownership or control.

(j) *Contracts.* The restrictions of this order shall be observed without regard to contracts heretofore or hereinafter entered into, or any rights accrued or payments made thereunder.

(iii) The unloading of such oil in a plant or storage tank which is owned, leased, or controlled by the person to whom delivery is to be made.

(2) A person shall be deemed to have accepted delivery of crude or refined oil upon the occurrence of any one of the following:

(i) The acquisition by such person of a bill of lading issued by a common carrier for such oil; or

(ii) The loading of such oil in a truck or tank wagon furnished by such person; or

(iii) The receiving of such oil in a plant or storage tank which is owned, leased, or controlled by such person.

(1) *Applications, records, and reports.* Applications for authorizations required by this order shall be made on such forms, in such manner, for such period, and at such times as the Director shall prescribe, and every person subject to this order shall maintain such records for at least two years (or for such other periods of time as the Director may designate), and shall execute and file such reports upon such forms and submit such information as the Director may from time to time request or direct, and within such times as he may prescribe, subject to the approval of the Bureau of the Budget pursuant to the Federal Reports Act of 1942.

(m) *Audits and inspections.* Every person subject to this order shall, upon request, permit inspections, at all reasonable times, of his stocks of fats and oils and premises used in his business, and all of his books, records, and accounts shall, upon request, be submitted to audit and inspection by the Director.

(n) *Violations.* Any person who willfully violates any provision of this order or who by any act or omission falsifies records to be kept or information to be furnished pursuant to this order or willfully conceals a material fact concerning a matter within the jurisdiction of any Department or agency of the United States may be prohibited from receiving or making further deliveries of any material subject to allocation; and such further action may be taken against him as the Director deems appropriate, including recommendations for prosecution under section 35a of the Criminal Code (18 U.S.C. 1940 ed. 80), under paragraph 5 of section 301 of Title III of the Second War Powers Act, and under any and all other applicable laws.

(c) *Petition for relief from hardship.* Any person affected by this order who considers that compliance herewith would work an exceptional and unreasonable hardship on him may petition in writing (in triplicate) for relief to the Director, setting forth all pertinent facts and the nature of the relief sought. The Director may thereupon take such action as he deems appropriate, and such action shall be final.

(p) *Communications to Department of Agriculture.* All reports required to

PART 1010—SUSPENSION ORDERS

[Revocation of Suspension Order S-123]

CARL M. LOEB RHODES & CO.

Suspension Order S-123 issued October 30, 1942, prohibited Carl M. Loeb, Rhodes and Company from accepting delivery of, receiving or taking any action to clear through the Bureau of Customs, 100 tons of casein imported by it from Buenos Aires in violation of General Imports Order M-63. Libels were filed on behalf of the United States in the United States District Court for the District of New Jersey and in the United States District Court for the Eastern District of New York on March 4 and 5, 1943, against two separate lots of casein comprising all the casein designated in Suspension Order S-123 which alleged that these lots of merchandise had become subject to forfeiture under the Revenue Laws of the United States (U. S. C. Title 19, section 1593) as mer-

chandise which had been imported into the United States knowingly contrary to law. Carl M. Loeb, Rhoades and Company has tendered a compromise settlement of the claims of the United States under these libels. The Assistant Attorney General, duly empowered to act on behalf of the Department of Justice in this matter, has determined that this tender should be accepted and has requested that Suspension Order S-128 be revoked so that Carl M. Loeb, Rhoades and Company may take such action as is necessary to clear the 100 tons of casein mentioned in Suspension Order S-128 and to accept delivery thereof pursuant to the terms of its tender of compromise.

In view of the foregoing, *It is hereby ordered*, That Suspension Order S-128 (§ 1010.128) issued October 30, 1942, be revoked.

Issued this 28th day of April 1943.

(2) "Steatite talc" means naturally occurring magnesium silicate both crude and beneficiated, suitable for use in the manufacture of electrical insulators and containing not to exceed one and one-half per cent (1½%) lime (CaO), not to exceed one and one-half per cent (1½%) ferric oxide (Fe₂O₃), and not to exceed four per cent (4%) alumina (Al₂O₃).

(3) "Producer" means a person who mines talc.

(4) "Processor" means a person who mills, treats, or classifies talc or otherwise prepares or beneficiates talc for use by consumers.

(5) "Supplier" means a person who imports talc into the United States or who offers talc for sale to consumers.

(6) "Consumer" means a person who uses talc by incorporating it physically in a product he manufactures or who consumes talc in any other commercial or laboratory process.

(7) "Inventory" of a person includes the inventory of affiliates and subsidiaries of such person, and the inventory of others where such inventory is under the control of, or under common control with, or available for the use of such person.

(8) "Minimum practicable working inventory" means:

(ii) In the case of talc other than steatite talc, regardless of use, a six months' supply.

(iii) In the case of steatite talc to be held by dealers or distributors, a two months' supply, based upon average monthly sales during the first nine months of 1942.

(b) *Grinding of talc.* No processor shall grind steatite talc to a grain size so small that it is rendered unusable for steatite insulators, unless he has received a firm order for the amount of steatite talc so to be ground, specifying such small grain size, which is to be delivered

within 30 days of the date of such grinding.

(c) *Restrictions on sales or deliveries of talc.* No person after April 29, 1943, shall sell or deliver (including a delivery under toll agreement) talc to any person if he knows or has reason to believe such material is to be received or used in violation of the terms of this order.

(d) *Limitations of inventories—*(1) *Accumulation.* No supplier, other than a producer or a processor, and no consumer, shall accumulate an inventory of talc in the form of raw materials, semi-processed materials, finished parts, or sub-assemblies in quantities in excess of a minimum practicable working inventory.

(2) *Further receipts.* No supplier, other than a producer or a processor, and no consumer, who has an inventory in excess of a minimum practicable working inventory, shall receive any additional talc until his inventory thereof has been reduced below a minimum practicable working inventory.

(3) *Exception.* The foregoing limitations on inventories shall not apply to any supplier (including a dealer or distributor) whose current rate of sale of talc does not exceed five (5) tons per month, or to any consumer whose current rate of consumption of talc does not exceed one (1) ton per month: *Provided, however,* No such supplier or consumer shall accumulate an inventory of talc in the form of raw material in excess of sixty (60) tons.

(e) *Reports.* Each processor shall file in duplicate Form PD-862 in time to reach the War Production Board on or before the 10th day of each month; and each consumer, except a consumer whose current rate of consumption of talc does not exceed one (1) ton per month, shall file in duplicate Form PD-863 in time to reach the War Production Board on or before the 10th day of each calendar quarter.

(f) *Miscellaneous provisions—*(1) *Appeal.* Appeal from the provisions of this order shall be made by filing a letter in triplicate, referring to the particular provision appealed from and stating fully the grounds of the appeal.

(2) *Applicability of regulations.* This order and all transactions affected thereby are subject to all applicable regulations of the War Production Board, as amended from time to time. All releases of steatite mines which have been granted under Order M-239 prior to April 29, 1943, are hereby revoked. All steatite mines which have been so released prior to April 29, 1943, are subject to all provisions of this order.

(3) *Communications to War Production Board.* All reports required to be filed hereunder, and all communications concerning this order, shall, unless otherwise directed, be addressed to: War Production Board, Miscellaneous Minerals Division, Washington, D. C.; Ref: M-239.

(4) *Violations.* Any person who willfully violates any provision of this order, or who, in connection with this order, willfully conceals a material fact or furnishes false information to any depart-

ment or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

[Limitation Order L-270 as Amended April 29, 1943]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of certain critical materials used in the manufacture of automotive maintenance equipment for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3203.1 *Limitation Order L-270—(a) Applicability of regulations.* This order and all transactions affected thereby are

subject to all applicable provisions of the regulations of the War Production Board, as amended from time to time.

(2) "Producer" means any person engaged in the manufacture or assembly of any automotive maintenance equipment.

(3) "Automotive maintenance equipment" means the items listed on Schedules A, B, and C, to this order, as the same may be amended from time to time, which are manufactured or assembled for automotive repair usage.

(4) "Automotive repair usage" means repairing, reconditioning, rebuilding, renewing, servicing, or maintaining automotive vehicles or parts of automotive vehicles.

(5) "Automotive vehicles" means passenger automobiles, light, medium and heavy motor trucks, truck tractors, truck trailers, passenger carriers, and off-the-highway motor vehicles.

(c) *Restrictions on production.* On and after April 30, 1943:

(1) No producer shall manufacture or assemble any automotive maintenance equipment listed in Schedule A.

(2) No producer shall manufacture or assemble in any calendar quarter any item of automotive maintenance equipment listed in Schedule B in excess of twenty (20) per cent of the number of like items of automotive maintenance equipment sold by him for other than original equipment in the corresponding calendar quarter of 1941.

(i) In the event that the limitation imposed by paragraph (c) (2) should result in restricting production, in any calendar quarter, to less than his minimum practical factory run of any item of automotive maintenance equipment listed in Schedule B, a producer may, notwithstanding the provision of paragraph (c) (2), produce a minimum practical factory run, provided that his dollar volume of sales of such item, in any calendar quarter shall not exceed twenty (20) per cent of the total dollar volume of his sales of such item in the corresponding calendar quarter of 1941. But in no event may his production of such items during three consecutive calendar quarters exceed twenty (20) per cent of his production of such items during the three corresponding calendar quarters of 1941.

(3) No producer shall manufacture or assemble in any calendar quarter any item of automotive maintenance equipment listed in Schedule C in excess of seventy-five (75) per cent of the number of like items of automotive maintenance equipment sold by him for other than original equipment in the corresponding calendar quarter of 1941.

(4) No producer shall manufacture or assemble in any calendar quarter a dollar volume of repair or replacement parts for automotive maintenance equipment in excess of ten (10) per cent of the total dollar volume of automotive maintenance equipment sold by him in the corresponding calendar quarter of 1941.

(5) No producer shall use any aluminum, copper products, copper base alloy products, steel, or other critical materials in the manufacture of automotive maintenance equipment where the use of less critical material is practicable, and when so used such aluminum, copper products, copper base alloy products, steel, or other critical materials shall be reduced to the minimum quantity and grade necessary for the proper operation of the automotive maintenance equipment.

(6) [Revoked April 29, 1943]

(d) *Restriction of sales by producers.* No producer shall sell, transfer or deliver to any person any automotive maintenance equipment, or any replacement parts for automotive maintenance equipment except pursuant to orders bearing a preference rating of AA-5 or higher.

(e) *Exceptions to applicability of this order.* (1) The terms and restrictions of paragraphs (c) (1), (2), (3), and (4) of this order shall not apply to automotive maintenance equipment sold to or produced under contracts or orders for delivery to or for the account of the United States Army, Navy, Maritime Commission or the War Shipping Administration.

(2) The terms and restrictions of paragraphs (c) (2), (3) and (4) shall not apply to any automotive maintenance equipment sold to or produced under contracts or orders for delivery to or for the account of:

In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using material under priority control and may be deprived of priorities assistance.

(i) *Audit and inspection.* All records required to be kept by this order shall, upon request, be submitted to audit and inspection by duly authorized representatives of the War Production Board.

(j) *Appeals.* Any appeal from the provisions of this order may be made by filing Form PD-500 in triplicate with the Automotive Division, War Production Board, stating therein the information called for.

[Order A-1 Under MPR 188, Amendment 3]
MANUFACTURERS OF SPECIAL REFRACTORY SHAPES

MODIFICATION OF MAXIMUM PRICES

Amendment No. 3 to Order No. A-1 under § 1499.159 (b) of Maximum Price Regulation No. 188—Manufacturers' Maximum Prices for Specified Building Materials and Consumers' Goods Other Than Apparel.

An opinion accompanying Amendment No. 3 to Order No. A-1 has been issued simultaneously herewith and filed with the Division of the Federal Register.

Order No. A-1 is amended by adding a new subparagraph (a) (4) to read as follows:

(a) *Modification of maximum prices in Maximum Price Regulation No. 188.* The provisions of Maximum Price Regulation No. 188 as applied to certain commodities subject thereto are modified in accordance with § 1499.159 (b) of Maximum Price Regulation No. 188 as herein-after provided.

(4) *Modification of maximum prices for special refractory shapes.* (i) On and after April 29, 1943 regardless of any contract, agreement, lease or other obligation, no manufacturer of special refractory shapes shall sell and deliver any special refractory shape, and no person shall buy and receive any special refractory shapes in the course of trade or business, at prices higher than will be determined by the use of the pricing formula or formulae used by said manufacturer in March 1942 to determine the prices at that time of such special refractory shapes. The values given to the factors used in said formulae shall be no higher than the highest values given to the same factors in the determination of March 1942 prices under said formulae and the method used in computing said factors shall be the method used in March 1942.

(ii) For the purposes of this amendment the term "special refractory shapes" means refractory brick and specialties produced from highly refractory materials such as silicon carbide, fused aluminum oxide, electric furnace mullite and kyanite. They include heavy refractories consisting of bricks, plates, fabricated muffles, heavy tubes, batts, saggars, burner blocks and miscellaneous shapes for furnaces. Light refractories or laboratory ware consisting of tubes, cores, small muffles, pyrometer tubes, thermocouple tubes, small furnace parts and specials, thimbles, cones, filter and ignition crucibles, capsules, dishes and other purely laboratory articles; also porous mediums, plates, tubes and shapes, are included in the definition of special refractory shapes.

Special refractory shapes are so classified whenever they are made to the specifications of each individual order and are of sizes which are not considered standard by the "Special Refractories Institute" and are unable to be included in the manufacturer's published price lists.

(iii) On or before June 1, 1943, every manufacturer of special refractory shapes shall file with the Office of Price Administration, Building Materials Branch, Washington, D. C., unless previously submitted:

(a) A detailed explanation of the formula or formulae by which it priced its special shapes during March 1942.

(b) Calculations setting forth in detail the use of such formulae in determining prices charged for different types of special refractory shapes actually delivered by it during March 1942, or, if no such deliveries were made during that month, the application of such formulae to the prices that would have been charged had the delivery of such products made subsequently to March 1942 actually been delivered during March 1942 as a result of sales made during that month.

(c) The gross sales value realized from, and the percentage of total sales of special refractory shapes during the fourth calendar quarter of 1942.

This amendment shall become effective April 29, 1943.

[Order 4 Under MPR 208]

ISAACS AND COMPANY

ORDER DENYING APPLICATION FOR ADJUSTMENT AND REQUIRING REDOCKETING OF PROTEST

Order No. 4 under Maximum Price Regulation No. 208—Staple Work Clothing; Docket No. 3208-34.

On October 7, 1942, I. C. Isaacs and Company, Bank and Grundy Streets, Baltimore, Maryland, herein called applicant, filed an application for adjustment of its maximum price for Lot 1060 slacks, under § 1389.213 of Maximum Price Regulation No. 208.

After due consideration of the application the Administrator, on January 14, 1943, informed the applicant by letter that the application must be denied for the reasons set forth therein and that a formal order denying the application would not be entered unless the applicant made a written request for such an

order within 30 days from the date of the letter. In addition, the applicant was advised by that letter that it was necessary that a formal order be entered if it intended to file a protest under Revised Procedural Regulation No. 1. Applicant did not request the entry of such an order. Instead on February 14, 1943, the applicant filed a protest directed to the letter of the Administrator dated January 14, 1943.

Section 203 (a) of the Emergency Price Control Act of 1942, as amended, provides only for the filing of protests to regulations or orders issued under section 2 of the Act. In order to preserve the applicant's right to obtain review of the denial of its application for adjustment the Administrator deems it appropriate to treat the protest not only as a protest but also as a request for such a formal order.

Therefore, under the authority vested in the Administrator, and in accordance with the Act and Revised Procedural Regulation No. 1: *It is ordered*, That the application for adjustment, Docket No. 3208-34, be denied and that the applicant's protest of February 14, 1943, be docketed as a protest to this order of denial.

Issued and effective this 28th day of April 1943.

Notice is hereby given that Edward Hopkinson, Jr., James E. Gowen, Marshall S. Morgan, and Clarence A. All interested persons are referred to said document, which is on file in the office of this Commission, the substance of which is summarized as follows:

Said petition or declaration indicates that the individuals named therein own beneficially or as trustees, or as officers or directors, or both, of companies which own beneficially or as trustees, stocks of Commonwealth consisting of approximately 67,000 shares of preferred stock having a current market value of approximately \$3,850,000 and 25,000 shares of common stock having a current market value of approximately \$17,000. The petitioners propose to form a committee on behalf of the preferred stockholders of Commonwealth and to apply for leave to intervene or otherwise participate in the pending proceedings before the Commission in connection with the integration and simplification of the Commonwealth holding-company system and particularly in connection with the proceedings relating to the "Plan to Change the Capitalization of The Commonwealth & Southern Corporation" filed with the Commission by the management on April 20, 1943. The petition sets forth specific limitations on members of the Committee and on the companies with which they are connected with respect to their dealings in pre-

¹ 7 F.R. 1329, 1836, 2000, 2132, 4404, 5872, 6221, 8948; 8 F.R. 1974, 4640, 4930.

ferred and common stock of Commonwealth, which limitations are in some respects less restrictive than the conditions imposed by paragraph (g) of Rule U-62.

It is also stated that petitioners desire to have associated with them as members of the committee other individuals who may have, individually or in a representative capacity, substantial interests in the preferred stock of Commonwealth, the name of such individuals to be supplied by amendment.

It appearing to the Commission that it is appropriate in the public interest and in the interest of investors and consumers that a hearing be held with respect to said petition or declaration, and that said declaration shall not become effective except pursuant to further order of the Commission.

It is ordered, That a hearing on such matters under the applicable provisions of the Public Utility Holding Company Act of 1935 and the rules thereunder be held on May 7, 1943 at 10:00 a. m., E. W. It is further ordered, That William W. Swift, or any other officer or officers of the Commission designated by it for that purpose, shall preside at the hearing above ordered. The officer so designated to preside at such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (e) of the Act and to a trial examiner under the Commission's Rules of Practice.

It is further ordered, That, without limiting the scope of the issues presented by said petition or declaration, particular attention will be directed at the hearing to the following matters and questions:

1. Whether the requirements of paragraphs (g) and (h) (1) of Rule U-62, as applied to the proposed solicitation, are in any respects not necessary or appropriate in the public interest or for the protection of investors, or consumers, and whether the restrictions proposed in such petition, or any amendment thereto, are an adequate substitute or, under the circumstances, the only restrictions which should be imposed upon dealings in securities of Commonwealth by said committee and the companies with which its members are connected, and whether the Commission should so order pursuant to sections 11 (g), 12 (e) and Rule U-100.

2. Whether said petition, as filed or as it may be amended, should be permitted to become effective as consistent with the standards of sections 11 (g) and 12 (e) of the Act.

It is further ordered, That the Secretary of the Commission shall serve notice of the entry of this order by mailing

a copy thereof by registered mail to The Commonwealth & Southern Corporation and to the petitioners, and that notice shall be given to all other persons by publication thereof in the FEDERAL REGISTER.

GREAT FALLS GAS COMPANY AND NORTH
CONTINENT UTILITIES CORPORATION

NOTICE OF FILING AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 28th day of April, A. D. 1943.

Notice is hereby given that declarations or applications (or both) and amendments thereto have been filed with this Commission by Great Falls Gas Company ("Great Falls"), a subsidiary of North Continent Utilities Corporation ("North Continent"), a registered holding company, and North Continent, pursuant to the Public Utility Holding Company Act of 1935, particularly sections 6, 7, 11 (e) and 12 thereof and Rules U-42 and U-45 of the Rules and Regulations promulgated thereunder, for approval of the reorganization or recapitalization of Great Falls in compliance with the applicable provisions of the Act.

All interested persons are referred to said document, which is now on file in the office of the Commission, for a full state-

ment of the action proposed, which may be summarized as follows:

1. It is proposed to reduce the existing indebtedness of Great Falls which is presently owing to North Continent from \$1,125,000 to \$600,000 by issuing new 8% demand notes therefor in the latter principal amount.

2. Great Falls proposes to acquire for cancellation its existing 7% cumulative preferred stock, \$100 par value, now held by the public, by offering in payment thereof \$110 per share.

3. Great Falls proposes to acquire for cancellation its existing common stock, \$100 par value, now held by the public, by offering in payment thereof \$1.00 per share.

4. North Continent, which as of March 23, 1943, owned the 6% demand notes in the amount of \$1,125,000, 1935 of the outstanding 2455 shares of preferred stock, and 2902 of the outstanding 3500 shares of common stock of Great Falls, proposes to surrender all of said securities to Great Falls for cancellation and will receive in return the entire \$600,000 principal amount of new 8% demand notes and all of the 100,000 shares, \$1.00 par value, of new common stock to be issued by Great Falls. All of the aforesaid securities to be received by North Continent under the Plan will be pledged by it with the North Continent Bond Indenture Trustee, in lieu of the securities of Great Falls now pledged with said Trustee.

5. Great Falls proposes to cancel 435 shares of its preferred stock and 404 shares of common stock presently held in its treasury.

In connection with the plan of reorganization or recapitalization Great Falls proposes to eliminate certain intangibles presently reflected on its balance sheet.

Great Falls does not propose to solicit the consent of any of its security holders to said plan in view of the large percentage of stock of both classes held by North Continent.

There are 35 shares of preferred stock and 194 shares of common stock of Great Falls owned by public investors.

It appearing to the Commission that it is appropriate in the public interest and in the interest of investors and consumers that a hearing be held with respect to such amended Plan, either as filed or as modified;

It is ordered, That hearings on such amended Plan, either as filed or as modified, under the applicable provisions of the Act and the Rules of the Commission thereunder, be held on the 14th day of May, 1943 at 10 a. m. at the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia, Pennsylvania. On such date the hearing-room clerk in room 318 will advise as to the room in which such hearing will be held.

It is further ordered, That Willis E. Monty or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearings in such matter. The officer so designated to preside at any such hearing is hereby authorized to exercise all the powers granted to the Commission under section 18 (c) of said Act and to a trial ex-

aminer under the Commission's Rules of Practice; and

It is further ordered, That the Secretary of the Commission shall serve notice of the hearing aforesaid by mailing a copy of this order by registered mail to the Montana Public Service Commission, Great Falls Gas Company and North Continent Utilities Corporation not less than ten days prior to the date hereinbefore fixed as the date of the hearing; and that notice of said hearing is hereby given to the security holders of Great Falls Gas Company, consumers of said company, all States, municipalities and political subdivisions of States within which are located any of the utility assets of Great Falls Gas Company, all State commissions, State securities commissions and all agencies, authorities or instrumentalities of one or more States, municipalities or other political subdivisions having jurisdiction over Great Falls Gas Company; that such notice shall be given further by a general release of the Commission, distributed to the press and mailed to the mailing list for releases issued under the Public Utility Holding Company Act of 1935; and that further notice be given to all persons by publication of this order in the FEDERAL REGISTER not later than ten days prior to the date hereinbefore fixed as the date of hearing.

It is further ordered, That any person desiring to be heard in connection with these proceedings shall file with the Secretary of the Commission on or before the 10th day of May, 1943, a written statement relative thereto; and any person proposing to intervene shall file with the Secretary of the Commission on or before such date his application therefor, as provided by Rule XVII of the Commission's Rules of Practice;

It is further ordered, That without limiting the scope of the issues presented by the pending applications or declarations (or both), particular attention will be directed at the hearing to the following matters and questions:

1. Whether the proposed plan is necessary to effectuate the provisions of section 11 (b) of the Act and is fair and equitable to the persons affected thereby.

2. Whether the securities proposed to be issued, including the proposed interest rate of 8% on the proposed \$600,000 demand note, comply with the standards of section 7 of the Act.

3. Whether, and the extent to which, the property account of Great Falls reflects intangibles, write-ups, or other inflationary items, or includes property which is "not used or useful" in the performance of utility services; the appropriateness of retaining such items in the property account.

4. Whether, in view of all the facts and circumstances concerning the acquisition and ownership of the securities of Great Falls now held by North Continent and the manner in which Great Falls has been managed by North Continent, it is necessary or appropriate that in determining the allocation of the securities of Great Falls as between North Continent and other security holders, the securities held by North Continent in Great Falls should be subordinated in

whole or in part to the claims of other security holders, or otherwise accorded participation in a manner different than their purported relative priorities.

5. To what extent, if any, the proposed plan should be modified or amended to render it feasible and fair and equitable to the persons affected and what terms and conditions should be imposed in the public interest and for the protection of investors and consumers.

It is further ordered, That jurisdiction be and hereby is reserved to separate, either for hearing in whole or in part, or for disposition in whole or in part, any of the issues or questions which may arise in these proceedings, and to take such other action as may appear conducive to an orderly, prompt and economic disposition of the matters involved.

It is further ordered, That Great Falls Gas Company shall mail forthwith a true copy of this Notice of Filing and Order for Hearing to each public holder of its preferred and common stock at the last known address of such public holder.

By the Commission.

A public hearing having been held after appropriate notice, and the Commission having considered the record and having made and filed its Findings and opinion herein; and

It appearing to the Commission that there are presently outstanding several conditions applicable to Public Service Company of Indiana, Inc. which have from time to time been imposed by the Commission after proceedings heretofore had; and it further appearing that it is in the public interest and the interest of investors and consumers that all presently effective conditions applicable to Public Service Company of Indiana, Inc. be set forth in this order;

It is ordered, That subject to Commission approval by further order, after the terms of the bond financing have been determined by competitive bidding, that said application, as amended, be

and the same hereby is granted, subject, however, to the following four conditions which are in lieu of all existing conditions heretofore imposed upon Public Service Company of Indiana, Inc. and/or its predecessor constituent companies in proceedings before the Commission:

(1) After January 1, 1943, and so long as any long-term debt of Public Service Company of Indiana, Inc. shall be outstanding, Public Service Company of Indiana, Inc. shall not declare or pay any dividends (other than dividends payable in shares of its common stock) on any shares of its common stock, nor shall Public Service Company of Indiana, Inc. make any other distribution on its common stock or purchase or otherwise retire any shares of its common stock out of net income, unless the earned surplus of Public Service Company of Indiana, Inc., after making such declaration, payment, distribution, purchase or retirement, shall not be less than an accumulative amount equal to \$750,000 per calendar year beginning with the year 1943 and through the year in which such declaration, payment, distribution, purchase or retirement is made; *Provided, however*, That the maximum amount of accumulated earned surplus required, pursuant to this condition, to remain after declaration or payment of such dividend or after such distribution, purchase or retirement shall be \$7,500,000; and *Provided further*, That such earned surplus required to remain after declaration or payment of such dividends or after such distribution, purchase or retirement may be reduced for the purpose of the above computation by the amount of (a) any surplus adjustments at any time resulting from writing down or writing off the excess of carrying value of property, acquired by Public Service Company of Indiana, Inc. at the time of its creation from the companies through whose consolidation Public Service Company of Indiana, Inc. was formed over the original cost of such property when first devoted to public use; (b) all amounts appropriated and credited by Public Service Company of Indiana, Inc. after December 31, 1942, to its "Reserve for Possible Adjustment of Utility Plant and/or Depreciation Reserve"; and (c) any other surplus adjustments otherwise properly applicable to earned surplus. The restrictions contained in this condition are intended to bring about improvement in the debt ratios of Public Service Company of Indiana, Inc., and such restrictions may be reduced or terminated, in whole or in part, conditionally or unconditionally, by this Commission at any time upon application by Public Service Company of Indiana, Inc. in connection with the issuance and sale of additional common stock of Public Service Company of Indiana, Inc., or otherwise; subject, always, to the right of the Commission, in any proceeding under any provision of the Public Utility Holding Company Act of 1935, to make such orders, restrictions or conditions as it may deem necessary or proper in the case.

(2) During the period from January 1, 1943 to December 31, 1946, Public Service Company of Indiana, Inc. shall credit to its "Reserve for Possible Adjustment of Utility Plant and/or Depreciation Reserve" (referred to in condition numbered (1) of this order) an amount aggregating at least \$1,000,000 through charges to that portion of the earned surplus restricted by said condition numbered (1): *Provided, further*, That said credit shall aggregate not less than \$250,000 by December 31, 1943, not less than \$500,000 by December 31, 1944, not less than \$750,000 by December 31, 1945 and not less than \$1,000,000 by December 31, 1946.

(3) So long as any mortgage bonds of Public Service Company of Indiana, Inc. shall be outstanding, Public Service Company of Indiana, Inc. shall not, except as hereinafter specified, use as a basis

(i) for the issue of mortgage bonds, or
(ii) for the withdrawal of any cash which has been deposited by it with the Trustee under any mortgage as a basis for the issue of bonds,

gross expenditures for additions, extensions, improvements, renewals or replacements made subsequent to September 1, 1939, to the plant and property of Public Service Company of Indiana, Inc. and/or its predecessor constituent companies, except to the extent that the gross expenditures for such additions, extensions, improvements, renewals or replacements, plus cash theretofore expended subsequent to September 1, 1939, by Public Service Company of Indiana, Inc. and/or its predecessor constituent companies in the retirement of first mortgage bonds (exclusive of retirements of first mortgage bonds through funds derived from the sale of mortgaged property) exceed the provisions for depreciation as recorded on the books of Public Service Company of Indiana, Inc. and/or its predecessor constituent companies subsequent to September 1, 1939, by charges to operating expenses (i. e. excluding any appropriations for depreciation from surplus or through reclassification of other accounts): *Provided, however*, That the foregoing condition shall not be applicable in any case of the refunding of mortgage bonds issued or assumed by Public Service Company of Indiana, Inc. or in any case of the purchase by Public Service Company of Indiana, Inc. of utility properties as a going concern, subject, always, to the right of the Commission, in any proceeding before it in respect of any such refunding or purchase of properties, to make such orders, restrictions or conditions as it may deem necessary or proper in such case. The restrictions contained in this paragraph may be reduced or terminated, in whole or in part, conditionally or unconditionally, by the Commission by its motion or upon ap-

plication by Public Service Company of Indiana, Inc.

(4) Public Service Company of Indiana, Inc., so long as any of its long-term debt is outstanding, shall not declare or pay any dividends (other than dividends payable in shares of its common stock) on any shares of its common stock, nor shall Public Service Company of Indiana, Inc. make any other distribution on its common stock or purchase or otherwise retire any shares of its common stock out of net income, unless Public Service Company of Indiana, Inc. or such successor has, for the period from January 1, 1943, to the date of the proposed payment of such dividends or the making of such declaration, payment, distribution, purchase or retirement, charged against income each year as provision for depreciation an amount of not less than \$2,700,000 plus or minus, as the case may be, for each calendar year subsequent to 1943, 3% of the gross book value of additions to depreciable property less retirements of depreciable property made during the period from January 1, 1943, to December 31 of the immediately preceding calendar year.

It is further ordered, That condition numbered (2) of the order dated May 7, 1942, issued by the Commission in In the

Matter of Public Service Company of Indiana, Inc. File No. 70-433 be, and the same hereby is, rescinded.

By the Commission.
